QUICK WORK

The Grand Jury indicted Jim Spriggs at Once For Murder.

THE OTHERS UNIMPORTANT

The Rufe Neece Hog Stealing Case Is Still On Before Judge Husbands.

SLOW PROGRESS BEING MADE

Circuit court convened this morning with the Rufe Neece hog stealing case still on trial. The witness but seems to be endless and the case has already taken up more than its share of the court's time.

The only indictment of any importance returned by the grand jury in yesterday's report was that against Jim Spriggs, colored, for murder. There were several other indictments returned against prisoners now confined in the county jail but none are of any importance. The grand jury will probably make another report this afternoon.

In the matter of the death of Mary Ashly, who was the committee appointed for Eddie Ashly, idiot, Charles Ashly was appointed.

In the Ramsey vs. Earler case, in which a judgment for \$250 was rendered, Gilbert and Cross and Hendricks and Miller, attorneys, were given a lien on the amount of the judgment for their services as attorneys in the case for the plaintiff.

In the case of James Ferriman against Max Schneider, a demurrer to the plaintiff's petition was filed.

In the case of John Donovan, administrator, against Mrs. Kate Harley and others the commissioner filed a report of the assets and liabilities and they were ordered to lay over for three days for exceptions. A judgment ordering the plaintiff to accept \$725 for eight shares in the Pioneer Building and Loan Association in winding up the estate was rendered.

In the case of May Bishop against Will R. Bishop a judgment for the plaintiff, giving her an absolute divorce and restoring her maiden name, May Orme, was filed this morning. This afternoon arguments were being made in the Neece case.

CONFEDERATE REUNION.

ARRANGEMENTS FOR ONE IN KENTON, TENN., OCTOBER 4 AND 5.

Union City, Tenn., Sept. 5.—The Warren McDonald Bivona Confederate Veterans have perfected arrangements for their reunion at Kenton on October 4 and 5, the date being changed from the 8th. H. P. McDaniel was in the chair and Henry Moffett was secretary. P. N. Matlock, J. W. Howard, W. F. Collins, H. T. Fullerton, W. W. Casey and Henry Flowers, were appointed a committee to arrange the programme. G. W. Stainlock, of Memphis, John M. Taylor, of Lexington, and Joe H. Fuzzell, of Columbia, will be invited to address the people and bivouac on that day. The Sons and Daughters of the Confederacy will also participate in the reunion, which promises to be one of the most enjoyable in the history of the organization.

ALL SETTLED.

JIM HOWARD EXPRESSES REGRET AT STRIKING CALEB POWERS.

Frankfort, Sept. 5.—Caleb Powers, who was struck by Jim Howard in jail here last night with an ink stand in a dispute over the division of the defense fund, is much improved today and in no danger. The men adjusted their differences this morning and Howard expresses regret over his action.

BARN BURNED.

A \$1,500 LOSS SUSTAINED AT LOWES YESTERDAY.

The Sanderson and Gibson tobacco barn burned at Lowes, Graves county, a day or two ago, entailing a loss of \$1,500, with \$1,000 insurance in local companies.

COLUMBIA WINS.

OLD YACHT SELECTED AS THE CUP DEFENDER TODAY.

New York, Sept. 5.—The Columbia, the old yacht, was today selected as the defender to race against the new Shamrock. Betting on the race is now running high.

LOVING CUP.

One Given By Nagel & Meyers to the Gun Club.

It Is To Be Used By the Local Club as a Trophy.—The Terms.

The Paducah Gun club has been presented by Nagel & Meyers, the jewelers, with a handsome loving cup, solid silver lined with gold, with ebony base, which is to be used as a trophy by the club for the membership championship.

It will be shot for at the tournament here the latter part of the month, and the name of the one who wins it will be engraved on the cup, and if he holds it for three successive years, it becomes his property. If he does not hold it, the name of the one who wins it will be engraved on the cup every year. After this year the general average for the year in the practice shoots will be taken as a basis for determining the winner.

The cup will arrive in a few days and be on exhibition at B. Weille's. The trophy, it is thought, will be a great inducement to the members of the club to attend the practice shoots regularly, and improve in their marksmanship, and in this way will be a great benefit to the club.

SENSATIONAL SCENE.

SOUTHERN DELEGATES WALK OUT FROM THE ECUMENICAL CONFERENCE.

London, Sept. 5.—The most striking feature of the Ecumenical Methodist conference, which opened yesterday, was an impassioned plea of the colored Bishop Walters, of Jersey City, who received the heartiest welcome of any of the American delegates. He declared that there was a systematic effort on foot on the part of the white Americans to destroy the good opinion of which the English people had of the American negroes. He recapitulated the lynching figures of the year 1900 and declared that, though ninety negroes were lynched, in only eleven cases had assaults on white women been proved.

"The English people have always been our friends," declared Bishop Walters. "You gave us suffrage, and now when we are struggling to improve ourselves, we look to you, our old time friends, to give us sympathy and encouragement, as you did in the past."

The bishop's asseverations on negro morality elicited loud cheers from the English part of the audience, and several of the many southern delegates went out, while others did not conceal their disagreement with the speaker.

IN TROUBLE.

CAPT. FORSYTHE ASKED TO EXPLAIN CONCERNING AN ALLEGED INTERVIEW.

Philadelphia, Sept. 5.—Captain James M. Forsythe, U. S. N., has received a letter from Secretary Long, requesting an explanation of his alleged interview upon the Sampson-Schley controversy, which was accredited to him by a Kansas City newspaper. The interview quotes Captain Forsythe as saying the trouble in the navy circles is due to the fact that Admiral Sampson was promoted over the heads of seventeen capable officers who were his seniors in rank.

Captain Forsythe admitted having received a letter from the navy department, but declined to speak further for publication.

TIE UP.

TWO SMALL TRESTLES BURNED NEAR EARLINGTON LAST NIGHT.

Earlington, Sept. 5.—Two small trestles were burned near here last night, breaking connection between the Crabtree and Carbondale mines and the railroad, causing a tie up at both for lack of coal. This is the first tie up in the mines since the present agitation began. Several shots were exchanged last night between guards and marauders.

M'KINLEY'S SPEECH.

HEARD BY A LARGE CROWD AT BUFFALO TODAY.

Buffalo, Sept. 5.—An immense crowd heard President McKinley speak today at the exposition. The keynote of the address was the wonderful strides, both industrially and commercially, made by America, and advocating further trade and extension.

IS DOING WELL.

Mamie McCawley, colored, who was badly burned day before yesterday by her clothing catching fire, is doing quite well, considering the seriousness of her burns.

AGENT QUILTS

Mr. C. G. Sheppard to Accept a Position Elsewhere.

NO SUCCESSOR YET NAMED

Mr. L. A. Washington Handsomely Remembered By Those Formerly Under Him on the I. C.

TODAY'S NEWS FROM THE ROAD

Mr. C. G. Sheppard, the day I. C. ticket agent here, has resigned his position, effective immediately. Mr. Sheppard is one of the best and most popular ticket sellers ever in the employ of the road here and enjoys the distinction of being the fastest ticket seller on the division, having patented, or rather devised a new arrangement for his tickets by which he was enabled to handle them without any confusion that generally attends a rush, especially on excursion days. He has always been accommodating to the public in answering questions and was also very prompt and attentive in looking up rates. His successor has not yet been named, but Mr. Sheppard will be relieved, if his resignation is accepted, before the week is out. He came here about eight months ago, from North Union, Ind., and since his residence here has made many friends who will regret to learn of his departure. Mr. Sheppard will probably go with an Indiana road, having received a very fine offer several weeks ago.

Supervisor W. C. Waggoner, of Central City, and Chief Clerk E. A. Driscoll, of the Roadmaster's department, of Louisville, formerly chief engineer of the Louisville division of the I. C., but now roadmaster of the Gulf and Ship Island railroad, of Mississippi, with a fine chair last night. The chair was given to Mr. Washington by the employees of the road department and shows their esteem for their former superior officer Mr. Washington, in a clever little speech, expressed his appreciation of the compliment paid him and then departed for Mississippi to resume his duties on the road.

The Illinois Central has settled with the heirs of the late Engineer Joe Dicke for \$5,000. It is said that every claim arising from the wreck in which Engineer Dicke was killed has now been paid. Those here were settled by Hon. W. F. McCarty, claim agent for the Fulton and Cairo districts.

Mr. John L. Harris, who has been chief clerk to Supt. W. S. King, at Fulton, has resigned and gone to Evansville to reside. He is succeeded by Mr. Walter Ellington, who has been an accountant in the office of Supt. King, and is a young man in every way qualified to hold the place.

Mr. H. U. Wallace, Superintendent of the Illinois Central, has been highly complimented for the efficient manner which trains were handled at the Seventh street station in Louisville during the convalescence. There was no delay or congestion at the station.

A curious looking piece of machinery is the new inspection engine turned out for the Chicago, Burlington and Quincy railroad. It is a combination of a locomotive and passenger car, the car being set on and around the engine boiler, so that from the windows at sides and front the roadbed can be inspected by the railroad officials to the greatest advantage. It might appear such near proximity to the boiler would mean uncomfortable warmth, but this is avoided by an extra thickness of "plastic lagging," as it is called, a non-conductor of heat, in connection with an air chamber between this and the floor of the car. The machine is lighted with electricity, even to an electric headlight, and ten lights distributed under the engine to afford light when oiling. It will be used constantly on all inspection trips.

Last night engines No. 572 and 573 arrived from the Chicago division of the Illinois Central and are now at the local yards. This makes fourteen of the big new freight engines, so far received here. The regular consignment of engines, running from numbers 540 to 574 and making the total number 34 engines, will go to the Tennessee division. They are much larger than the first consignment, which was received about three years ago and the engines running from No. 1 to 63 and can haul over 300 tons more than the first consignment engines. The expense of running them is no greater than that of the smaller engines and the train tonnage can be

TO THE GOOD.

The Labor Unions Come Out Ahead in the Celebration.

Tonight the Central Union Meets to Wind Up the Labor Day Affairs.

The Central Labor body meets tonight to consider several matters of importance. The finances of the recent Labor day celebration will be adjusted and it will be found, no doubt that the unions have come out with quite a neat sum to the good.

The celebration was a success in every way, and tonight all business connected with it will probably be wound up. Another important thing that will come up will be the time for crowning of the Goddess of Labor, to which place Miss Nellie Farrow was elected. At present it is not known when this important event will occur, but tonight the Central union will decide it, and the function promises to be one of the most important of the year.

CHAIN STRIKE ENDED.

COMPANY SIGNS THE SCALE AND MEN RETURN TO WORK.

Pittsburg, Sept. 5.—The Nicholson Chain Company at Hawkins, Pa., has signed the scale and the striking employees went back to work. The other departments have been working right along.

MARRY IN LOUISVILLE. Louisville, Sept. 5.—Miss Rosa Green, well known on the concert stage and Telemague Kessanly, a London, Eng., journalist, are to be married this afternoon.

SETTLEMENT SOON.

FURTHER BREAKS IN THE RANKS OF STRIKERS TODAY.

Pittsburg, Sept. 5.—There were further breaks in the ranks of the strikers today, and several hundred returned to work in the McKeesport plants. An early settlement of the strike now seems probable.

RUNAWAY BOYS.

BELIEVED TO BE WANTED IN NASHVILLE, BUT THE WRONG ONES.

Officer Tom Orr arrested two boys, about 18 and 16 years of age, at the I. C. depot today at noon and brought them to the city hall for an investigation. Today the authorities here received a telegram from Nashville asking for the arrest of two boys, giving names and description, and the boys answered the description. They gave the names of Henry Wall and Malcolm McClelland, of Nashville, and admitted that they had run away from home, but denied that they were the boys wanted. Marshal Collins released them and told them to leave the city, which they said they would do at the first opportunity. They will leave tonight for St. Louis to "see a little of the world."

KILLING OF A PEACEMAKER.

Middleboro, Sept. 5.—Dick Young, a youth who was acting as peacemaker, was shot and killed in a pistol duel at Stonegap, Va., between John Franklin and Sam Loin.

WIFE OF OFFICER

DETAINED ON THE CHARGE OF BEING INSANE.

Washington, Sept. 5.—Sanitary Officer Frank has signed an order for the temporary confinement of Mrs. Catherine A. Babcock, widow of the late Gen. Babcock, who was chief of staff for Gen. Grant, in the St. Elizabeth's hospital for the insane. The confinement is to continue only until the supreme court of the district can inquire into Mrs. Babcock's mental condition.

BRILLIANT MARRIAGE AT MEMPHIS LAST EVENING.

The marriage of Miss Nanny Mai Morris, of Memphis, Tenn., to Mr. Joseph Weinberg, of Greenville, Miss., at the Memphis club house, at 8:30 o'clock on last evening, was quite a swell and elaborate affair. The ballroom of the club house was a scene of tropical beauty, so lavish were the floral decorations. Here the ceremony was performed under a canopy of flowers, smilax and fern. The wedding march was played by an orchestra. The bride wore a handsome wedding gown of duchesse satin, trimmed with duchesse and round point lace. After the ceremony and congratulations, a sumptuous wedding feast was served in the banquet hall of the club, and many sparkling toasts were given.

Miss Morris is quite a charming young woman, a popular debutant of last season. She is a cousin of Mr. Isadore Klein of the city, and has visited her relative here. Mr. Klein is among the out-of-town guests who were in attendance upon the function.

QUITE FUNNY

Lee Walters Sues Sheriff I. H. Rogers For \$10,000 Damages.

PAPERS CAN'T BE SERVED

The Only Man Who Can Legally Serve Them Is Very Ill, and a Confirmed Invalid.

FOR ALLEGED FALSE ARREST

Lee Walters, of the Maxon's mill section of the county, has filed suit in the circuit court here against Sheriff I. H. Rogers for \$10,000 damages for alleged false arrest.

Walters was mixed up in the Tex Sprague case, and is the man Sprague is alleged to have shot at near Little Cypress, Marshall county. After Sprague had been convicted of shooting into Walter's house, a man named Foley claimed that he was hired by Walters to do the shooting, so suspicion would be directed against Sprague, and a warrant was sworn out against Walters for swearing falsely in the case.

He was arrested here and gave bond, and when tried at Benton was acquitted. He now sues for the damages to his reputation.

Sheriff Rogers smiled knowingly this morning when asked about the suit. "There have been no papers served on me," he said "and I hardly think there will be for some time. There is no one to serve them, you know, for the coroner is the only man in the county who can do it, and he has been laid up for several months, and may never get out again."

"I understand the case against me will be dismissed, anyhow, for I did nothing but my duty, which was to serve the warrant. I heard that Walters was going to sue the lawyer who got out the warrant Mr. Will Bradshaw, but as it was taken out in the name of the commonwealth, I suppose the commonwealth will have to be sued."

The suit against Sheriff Rogers reveals an unprecedented state of affairs. There is only one man in the county authorized to serve a process, warrant or other legal papers on the sheriff, and that man is the coroner.

Coroner George Phelps who is a confirmed invalid, has been confined to his bed for several months, and there is no chance of an early recovery. In fact the coroner's many friends will regret to learn that he may never recover. In the meantime while the suit has been filed, against the sheriff, and he knows it is there, it will never amount to anything unless the papers are served on him, and there is no prospect that they will be perhaps for many months.

NEW CLUB.

Mr. Sam Jackson Reorganizes the Local Baseball Team.

Will Have a First Class Nine For the Remainder of the Season.

The local baseball enthusiasts met in the office of the Jackson Foundry and Machine company last night and reorganized the local baseball club.

Mr. Walter Wilkins, who had heretofore been the manager of the team, having given it up, Mr. Sam Jackson took charge and completely reorganized with several new players of St. Louis and Louisville. The new players will make this city their home and will play with the local team the remainder of this season staying through the winter and playing here next season also. Mr. Jackson intends to have a good team or none at all and says he will require the men to practice at least three times per week. This season the local team did not practicing whatever and to this one fault is attributed the several defeats they have met with.

Games with the Dekoven, Caseyville, Cairo and Central City teams will be immediately arranged and played before the season is out. The game with the Central City boys Monday was played with what is known as a "scrub" nine, only about three of the regular team players participating in the game, and the game was not a fair specimen of what the Paducah baseball players can do. The Cairo boys will perhaps be given choice of the first game and will have to play good ball indeed to keep up with their former playing with the local team.

Greater things are now expected of the local team and it looks like Paducah will again stand high, as in former years, in baseball circles, as well as in the commercial and manufacturing line.

ON TRIAL.

CASE AGAINST FERGUSON AND TAYLOR UP AT METROPOLIS.

Metropolis, Ill., Sept. 5.—The case against Clem Ferguson and Leslie Taylor, charged with the murder of Marshal Gus Crouch, at Metropolis, was called in the circuit court at Metropolis yesterday and the work of impugning a jury began.

Both defendants are in court interested listeners to the work of securing jurors. Members of their families are with them and will remain in the city during the trial.

Attorneys Young, Courtney and Helm are representing the people and Major Moss, R. T. Lightfoot, of Paducah, and S. B. Kerr, of this city, are representing the defendants.

Monday Wm. Weineke entered a plea of guilt in the charge of incest and will be sent to the penitentiary. A nolle was entered in the accompanying case against Weineke's niece, Louisa Deihm, on the grounds of absolute ignorance. Walter White was found guilty of larceny and will take a free trip. Chas. May plead guilty to a second charge of forgery and will go to the state reformatory. Emma Crossland was found guilty of petit larceny.

TO BE EXPELLED.

TURKISH AGENTS TO BE FIRED BY THE FRENCH.

Paris, Sept. 5.—The correspondent of the Associated Press here learns that the French government has decided upon the first coercive measure against the Sultan of Turkey. A decree has been drawn up, and will probably be signed tomorrow, expelling a number of Turkish agents, whose mission has been to spy on the young Turks in France. The list includes several names well known in Parisian society. It is also learned that the Sultan has telegraphed to Munir Bey recalling him to Constantinople.

The Temps says it is thought in diplomatic circles that the Sultan will profit by the fortnight's respite accorded him by the Czar's visit to France.

FIRE ALARM SYSTEM.

MAYFIELD TO CLOSE A CONTRACT FOR ONE TUESDAY.

Mr. Webb Chandlee, the representative of the Caldwell Fire Alarm Co., of New York, arrived in the city today at noon from Mayfield, where he will close a contract Tuesday with that city for a new and complete fire alarm system. Mr. Chandlee is the man who put in the fire alarm system here fourteen years ago and the system has always given the very best of service. He will return to Mayfield Tuesday and when the contract is closed will begin work on the system immediately.

ALMOST STARVED

A Legless Man Found Near the Jackson Foundry Last Night.

THOUGHT HE WILL RECOVER

He Had Been Sent Here By Cairo—Now in the City Hospital, Very Ill.

NO FOOD FOR THREE DAYS

William Germaree, a man of Louisville who has had the misfortune to lose both feet in a railroad accident, and goes about the country from place to place begging, is in the city hospital here in a precarious condition. He was found last night under an old boiler near the Jackson foundry, on the river front, half starved and nearly dead from the effects of whiskey. He had apparently made that his headquarters there for several days, and claimed to have had nothing to eat for three days.

City Physician Sanders was called and after making an examination of the afflicted, and nearly famished stranger, ordered him to the city hospital, and he was taken there last night.

The discovery of Germaree reveals quite an unusual state of affairs. He was in the city several days ago, without money or friends, and Mayor

Lang gave him transportation to Cairo. When the boat landed there and the authorities learned that he had been sent from Paducah, they promptly sent him back by the first boat, and he had been lying on the river bank without food or attention ever since.

He appears to be 35 or 40 years old and his recovery is doubtful.

ALL ACQUITTED.

Mayfield's Arson Sensation Fell Through Today.

There Was No Evidence Against the Three Men Charged With the Offense.

The arson case against Messrs. J. K. Long, Henry Seck and Henry Carmen, of Mayfield, who were charged with having set fire to the Graves county bank, of that place, were acquitted at Mayfield this morning.

All the witnesses were summoned yesterday and in the afternoon the case was first taken up. It was continued over until this morning and there being no incriminating evidence the accused were cleared on the charge and released from their bonds. Not a witness gave any testimony that would in any way reflect on them.

Mr. Seck arrived in Paducah at noon and Mr. Long and his brother passed through on the same train en route to Madisonville. The case created much comment in Mayfield and there were many tales afloat regarding the case. Carmen left Mayfield this morning for parts unknown, according to Seck's story.

DAILY THOUGHT.

Who gives wisely builds manhood and the state—who gives himself gives best.—Panel V. of Bridge at Pan-American Exposition.

The general public, which has long ago given all concerned due credit for the brilliant American victory at Santiago, is getting very weary of the disgusting Schley-Sampson controversy. Judging from the charges and counter charges, one would be disposed, if not compelled, to conclude that all honor and fairness had departed from the American navy and the people, and that some one ought to be appointed administrator to wind up the estate of the deceased integrity of the nation. Aside from the merits of the case, the present agitation has done nothing but bring the government into ridicule and infame other nations with supreme disgust, and no one is to blame for it but a few unscrupulous people and newspapers that have kept the controversy alive until the recent outburst resulting in the appointment of a board of inquiry. No matter which way the case is settled, there will be as much dissatisfaction as before, and doubtless whichever way it is decided, the losers, if they may be termed such, will cry fraud and corruption, prejudice and unfairness and no one will be convicted or vindicated. The majority of people were opposed to any public investigation of the charges, for the whole thing looks to a man up a tree like a quarrel between school boys over a white alley. What if Schley didn't get quite all the credit that was due him or something was said to reflect on his courage or ability? The president of the nation is almost daily accused of everything mean in the category, the judges of the supreme court, congressmen, and governors when they do something that does not meet the approval of some, are accused of corruption, of being subsidized or swayed by political prejudice, and the greatest men in all other departments of the government are often publicly accused of all manner of things by their political opponents and if they can stand it Schley and Sampson ought to stand it. "Censure," said a well known author, "is the tax that man pays for eminence." And in these days few people take seriously anything said in such cases.

If "Chairman" Joe Potter is the rightful proprietor of the chief office of the county Democratic committee, somebody ought to give it to him. It is a burning shame to deprive such a modest, energetic and unequalled statesman of the position. No doubt everybody in the county except Judge Charles Emery wants Mr. Potter to have it, and Mr. Emery is only half of the party at present. Mr. Potter is right not to sign the agreement to withdraw. If all had withdrawn and allowed a new deal there is a possibility that harmony would have been restored in the party ranks, and this would never do, for statesmen like Mr. Potter do not believe in that sort of nonsense. Harmony would be a bad thing just now in the Democratic party, for it would deprive some of the chronic scrappers of something to kick and scratch about. But one thing can be said right now in regard to this committee business. If somebody doesn't give Mr. Potter the

custody of that chairmanship the Democratic party in McCracken county, and perhaps in the whole state, is going to bust. The whole bottom will drop out of it, and there will be nothing left but Judge Emery and a few ballot boxes. The others will all join the Populists or migrate to Tennessee, where perhaps Mr. Potter can find a chairmanship that has no string tied to it or isn't nailed down. The statement is reiterated and reiterated that somebody ought to give Mr. Potter that chairmanship, and do it quick. It is very unpleasant to keep him waiting this way.

The city has a peculiar method of receiving gravel. According to reports the street inspector has been accustomed to having a negro there to receive it, with tickets stamped with the inspector's name. If there didn't happen to be the proper amount in the wagon, it made no difference. It was received and a ticket given for a full load just the same. It is further claimed that some of the wagons were only seven feet long, instead of nine feet, and two of the connellmen who took it upon themselves to personally measure some of the gravel found that the loads averaged from 26 to 30 cubic feet to the wagon, when there should have been 33. In this way gravel for which the contractor charged four hundred dollars was received recently, and there is no telling how much short it was, or how much more has been thus received in the past. It has probably been done that way all the time, and the city has had to foot the bills. This is a fair sample of the business methods of the administration. The bill for the gravel has been referred, and it remains to be seen whether or not it will be paid.

The present city charter prescribes that the "city assessor, who is elected by the council, shall make an assessment once a year. This does not mean twice, or the provision would probably have said twice. Two assessments are to be made this year, however, but the one about to be begun will be useless. It will not hold, but if the assessor has plenty of time to waste, it is presumed no one has any right to complain. This question of assessment, however, brings up several important matters that will doubtless soon engross the public mind. The council elects an assessor in December, and if he is elected in December, he holds office for two years. In December the city will not be in the second class, and consequently an assessor will be elected by the council for two years. Under the second class charter the assessor is elected by the people. If Paducah adopts a second class charter in January, the question is who is going to make the assessments for the levying of taxes for the succeeding two years?

If the people of Paducah desire the city to enter the second class, do they want their representatives in the council to allow an office to remain and a man be elected to fill it for four years when it will be superfluous under the new charter? If they do not, why does not the council abolish the office of city marshal, for which there will be no use after January, but which will remain in force, and the incumbent in office, for four years if the place is not abolished before November? Why force the people to incur this unnecessary expense for four years, when the place can be done away with in a week or longer, effective when Marshall Collins' term expires?

James Andrew Scott will have charge of the defense of James Howard, charged with conspiracy in the Goebel case. It can not be predicted at present what kind of a trial Howard will be given, but it is to be hoped for the good of the reputation of Kentucky that this trial will not be such a farce as the other one was. The man who killed Goebel, or had anything to do with it, ought to be properly punished, but no man should be convicted of the crime on evidence that could be adduced against almost any man in the state who was opposed to Goebel.

The afternoon papers that appeared with headlines announcing a deal by Pittsburg capitalists gave the item prominence because although it may have appeared in our esteemed morning contemporary several days ago, it was nevertheless news to the general public.

After Prince Chun apologizes to Emperor William for the murder of the German minister at Peking, and is thereafter ignored, he will come to the United States for the eastern people to fling a few fits over.

The unsanitary condition of the city the past summer couldn't fill Oak Grove fast enough, and the council is spending \$1,000 for dirt to complete the job.

After learning about how gravel is measured in Paducah, the school board probably decided to have its coal all weighed on the city scales.

Mr. Bryan, who paid five dollars for a newspaper, got a better bargain than the man who succeeds him will get.

SOME VACATION NOTES.

In the first place I want to express my great appreciation to my church and people for their kindness and thoughtfulness in giving me the vacation which I so much enjoyed. A pastor sometimes does not know how much he loves and appreciates his people till he is away from the worry and toll of his work where he can study and think about his noble people and of their ever reasonable efforts to make his pastorate pleasant. I left here August the first and joined my wife and little ones at Louisville and thence to Crab Orchard Springs, the famous watering place where hundreds made their pilgrimage for health and pleasure. For more than a half century this place has been famous as a great health resort. Like all watering places it has had its ups and downs. The management has had much to do with it however. The present manager, J. B. Willis, has restored its former charm and comfort. There were 75 to 150 present while we were there and among the number were lawyers, doctors, merchants, preachers, professors and farmers. The women in general were fair, accomplished and beautiful, of course. Yes the old bachelor was there, crabbed and crusty; the frisky widow with his boisterous shirt; the widows, saying by actions they were tired of widowhood—yes awfully tired; then the dude was there, with his red necktie, little cane, hair parted in the middle, cigarette in his mouth and was the laughing stock of all, yet the little fellow didn't know it. However, the crowd as a whole was a splendid class of people and I enjoyed their company very much. One thing I greatly enjoyed was meeting some of my old friends. How sad, how desolate this old world would be if it were not for friends. Riches, pleasures, honors would all lose their charm if we had no friends. Dashing waves, rolling seas, barren waste, rocky shores, desolate islands and stormy deep didn't affect old Robinson Crusoe as did the loss of friends, for he cried out:

"Ye winds that have made me your sport
Convey to this desolate shore
Some cordial, endearing report
Of a land that I shall visit no more.
My friends do they now and then
Send a thought or a wish after me.
Oh! tell me have I yet a friend,
Though a friend I am never to see."

I am fond of my friends, yes I truly love them, and while away I saw many who are very dear to me. Space would not allow me to mention them by name, however I will speak of one or two. While in Cincinnati I went over to Newport and saw Captain Edwin Smith, chief of police of that city. While I was pastor of the First Baptist church there Captain Smith was ordained deacon and which position he still holds. He is one of the truest men I have ever known. He has been on the force for several years and was recently made chief because of his fitness. He is truly a Christian gentleman and while he has to mix with the vile and the low yet no one has ever doubted his Christianity or seen any act of his that would bring any reproach on his church. He is appreciated and admired by all good people of his city and feared and dreaded by the bad. As a deacon he is an honor to his church; as chief of police he is an honor to the city he serves. He is my friend true and tried, I love him for he is worthy. He is as brave as a lion and as gentle as a child. Another friend I met was Henry Farrar, a locomotive engineer on the L. and N. railway. I had only two or three hours with him and part of that time was with him on his iron horse. A mighty steed indeed he was. Ribs of iron, lungs of fire and breath of steam, he snorted and raged as he dashed us over bridges, through dark tunnels, beside mountains high and valleys low and amid the roar of his iron feet upon the rails and the quaking earth beneath his weight we chatted of the days of yore. Tall and erect is Henry Farrar, handsome in form, kind of heart and true as steel. I am very fond of him for he is a man—a man in every sense of the word; he despises meanness and hates hypocrisy. Another thing then am done. On the second Sunday quite a number asked me to hold services, which I agreed to do that night. Mr. Woods, quite an accomplished gentleman, from Richmond, Ky., became general manager and had the large ball room filled with chairs and arranged a splendid quartette; hence the music was very fine. The large room was filled, almost every guest was present and all seemed glad to turn aside from frivolity and enter into the worship of the true God. I don't think I have ever stood before a better dressed and a more cultivated audience than I did that night. I found quite a number of devoted church people among the guests. My vacation was a most delightful one, marred only by a few days of severe sickness of our little boy, but glad to say he is now quite well. I was truly glad to return to my true and noble people who have given me a warm welcome home.
